

## **ADVANCED DUI TRAINING FOR PROSECUTORS AND LAW ENFORCEMENT**

Registration is now open for the **Advanced DUI Program** to be held at Blacksburg on August 25-27, 2010. We encourage prosecutors and law enforcement officers to apply promptly for this extremely popular training. Topics to be covered include Investigative Stops, Checkpoints, Blood Testing Issues and DUI Manslaughter. The latest version of the Virginia DUI Manual will be distributed to participants. Much like our TOP GUN and MURDER ONE Programs, this program utilizes a team-training format requiring a team consisting of a prosecutor and a law enforcement officer from the same jurisdiction. In-Service Training Credits and MCLE credits have been approved for this training.

There is no charge for this 3-day long training program. Overnight accommodations, beginning Tuesday night, August 24th, will be provided, as will breakfasts and lunches. Teams should register on line at <http://www.cas.state.va.us/trainingprograms!.htm>. Please contact Ed Hibbard at [whibbard@wm.edu](mailto:whibbard@wm.edu) or 757-253-4994 if you have any questions.
